Residential | Commercial | Architectural

Mandurah Glass custom measure and manufacture the Wintec range of sliding windows to suit your individual specifications.

Benefits;

- Ideal in locations where there is restricted space.
- Frames have smooth lines to ensure cleaning is easier and no internal projections to catch on window treatments.
- Ease of operation and longer lasting performance with exclusive heavy duty double rollers. They also enable larger than usual sashes to be used.
- Suitable for all glass types and building materials.
- Can be adapted to all Western Australian wind load categories.
- Large variety of colours and configurations possible.
- Keylocks available.
- Flyscreens can be fitted to the frame without unsightly rivets, metal clips or turn buckles.

Options;

- Exclusive cladding adaptor available that conceals your cladding ends in to the window frame.
- Integrated security upgrades available for your locks and screens plus anti lift blocks.
- Glass upgrades can include double glazing and smart glass.
- Upgrade to the commercial range for dedicated high performance systems where larger windows and/or high wind load areas have been specified.

sliding windows

Sliding windows are very economical and the ultimate in reliable, low maintenance windows due to their few moving parts
