## double hung and sashless windows

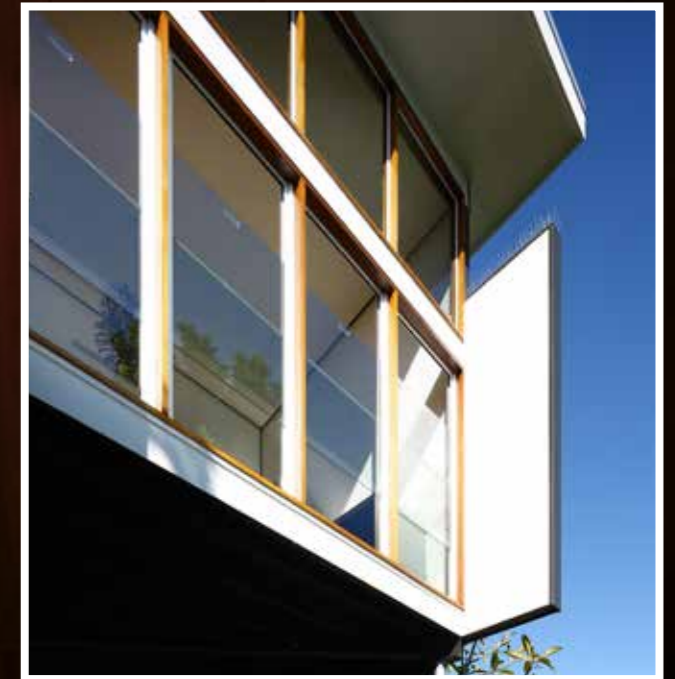

Our custom made double hung windows can be applied in either residential or commercial applications with the option to upgrade to an Aneeta Sashless System©

### Benefits –

- Frames have clean smooth lines with rounded edges and come in a choice of many colours.
- Built in moulded handles on both sashes ensure easy operation.
- Opening from the top, bottom or both, gives solutions for servery applications and offers perfect rotational ventilation.
- Can remain open in any position.
- Adaptable to all glass types and building materials.
- Multiple window configurations possible.

### Options –

- High performance glass upgrades including “low e” glass and double glazing that can offer up to a 4 star rating for cooling and a 3 star for heating.
- Can be built for high wind exposure, including cyclonic C4 conditions.
- Commercial systems available for larger openings
- Exclusive adaptor available for stud wall applications.
- Optional screens or security mesh.
- Upgrade to an Aneeta sashless system to achieve the greatest uninterrupted view of an opening window;
  - Counterbalancing system ensures both sashes open with ease in one easy motion, or alternatively configurations are available for bottom or top only opening.
  - Glazing options can offer up to a 4 star rating for cooling and a 4.5 star for heating.
  - 2 locking positions.
  - horizontal systems available with minimum height requirement of 250mm
  - Options for up to 4 panels within the window.
  - Suitable for door inserts.
  - Commercial systems available for large openings

The Double hung window provides servery solutions and opening from the top and the bottom, they provide the ultimate in ventilation control.
