Residential | Commercial | Architectural

sliding and stacker doors

Sliding and Stacker doors are perfect for projects with restricted space. They maximize your opening area while not impeding into internal or external living areas.

Our custom made doors can be adapted to most design requirements and building applications and include the option of built in flyscreens.

Stylish –

- Clean smooth lines with rounded edged frames.
- Frames come in a choice of many colours.
- Upgrade to have the sill fitted flush with the floor, for a designer finish.

Reliable –

- Stainless steel fasteners and high quality rollers and components.
- Easy clean, open sill tracks.

Flexible –

- Fully adaptable to all types of building materials.
- Exclusive adaptor for external cladding.
- Multiple sizes and configurations available, including the corner meeting design.
- Frames can be upgraded to meet up to cyclonic (C4) conditions.

Energy Efficient -

- Premium acoustic and insulating seals.
- Glazing upgrades available include, double glazing and/or "low e" glass.

Secure –

- Dead lockable and key lockable from both the inside and outside.
- Hollow sections give added strength and security.
- Upgrade to Gainsborough or Lockwood keying solutions or mesh security screen doors.

Commercial upgrade – Heights available to above 3 metres.

Wheelchair/Aged Care – The sliding door system offers lower profile sills for wheelchair and nursing home applications.
